Our Annual Projects

Make You The Force Behind US-Taiwan Relations

FAPA Emerging Leaders Workshop

Since 2010, FAPA has been organizing the FAPA Emerging Leaders Workshop every two years. This week-long Workshop invites outstanding Taiwanese young talents around the world to DC to learn about US-Taiwan-China relations and exchange views with each other. FAPA has cultivated more than 150 emerging leaders thus far, including Member of LY Wang Ting-yu, City Councilors Ying-meng Lin and Jiho Chang.

National Advocacy Conference

FAPA National Advocacy Conference is mainly for its members in the United States. This is a three-day event where FAPA members discuss the status of US-Taiwan relations and major Taiwan-related initiatives on the Capitol Hill. Participants also learn and practice lobbying skills before visiting the offices representing their districts during the third day of the National Advocacy Conference. In 2019, FAPA members attending the Conference visited 86 Congressional offices in total.

Speech Tours

FAPA also collaborates with Local Chapters on organizing speech tours. There are regular ones where FAPA President reports annual plan, major policy initiatives, and status of US-Taiwan relations to local members. We also have special speech tours where FAPA invites guest speakers who have made exceptional contributions to Taiwan. Our past distinguished guest speakers include Yin-ning Wu, Nien-huang Chung, and Hung-yi Cheng.

Youth Development Project

To encourage the younger generation's engagement, FAPA provides scholarships to those publishing articles related to US-Taiwan relations as well as subsidies to young organizers of "FAPA Café" starting in 2020.

Our Strength Congressional Advocacy

FAPA headquarters announces major US-Taiwan relations initiatives at the beginning of every year. We take the follow actions to carry out our advocacy plan:

- Advocate and build partnerships on the Hill
- Collect and organize petition letters
- Draft talking points to assist advocacy work of local FAPA chapters
- Publish electronic weekly news updates, the "Taiwan Communique," to enhance Hill staffers' awareness of the issues in Taiwan.

Our Story

Founded in 1982, the Formosan Association for Public Affairs (FAPA) is a grassroots, non-profit organization that seeks to build up international support for Taiwan.

Before the 1990's when Taiwan was under KMT's autocracy, FAPA successfully helped introduce or pass the bills and resolutions that support Taiwan's democratization.

After Taiwan gradually transitioned into a democracy after the 1990's, FAPA shifted its focus to Taiwan's international participation, US-Taiwan relations, and Taiwan's security.

Through grassroots advocacy, FAPA's 3,000 members from 46 Chapters work closely with their members of Congress and other important policy makers to advance the interests of Taiwan.

Our Mission

- (1) To promote international support for the right of the people of Taiwan to establish an independent and democratic country and to join the international community;
- (2) To promote relations and cooperation between Taiwan and the United States;
- (3) To protect the right of self-determination for the people of Taiwan;
- (4) To promote peace and security for Taiwan; and
- (5) To advance the rights and interests of Taiwanese communities throughout the world.
